

# LIQUID STORAGE TANKS

## 510BBL SINGLE STEP STORAGE TANKS

### Features & Benefits

V.E. Enterprises Single Step frac tank is so unique, its design is patented. With an additional 10 BBL's of capacity over most standard tanks, and two foot shorter length, it's the perfect unit for limited space applications. Standard features include front and side manways, front stairway to top platform with foldable handrails and "V" shaped bottom floor for ease of cleaning and drainage.
